Fixed Price Repair Services

AcuLigner™

INTEGRATED SOLUTIONS

Brooks Fixed Price Repair service for tool automation products is structured to address your operational efficiency needs by providing pre-set repair levels and fixed pricing at reduced cycle times based on the level of repair you require.

The AcuLigner is an integral part of Brooks Automation's high performance atmospheric wafer handling solutions. Utilizing direct drive technology and on-board controls, these systems play a key role in your performance and productivity. Extensive downtime due to repair is not an option. That's why Brooks has created a Fixed Price Repair program to support the AcuLigner product.
