- Brooks Advantage - Product technical experts and original design engineers
- On-line tracking simplified with e-RMA™

ProActive Agreements

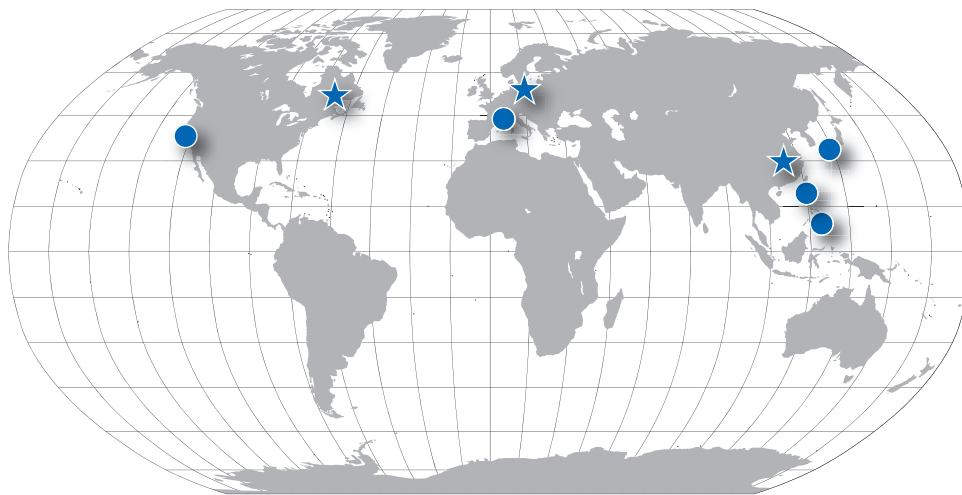

For larger installed base customers, agreements are available coupled with either the Enhanced PM or Refurbishment service level to include exchange units. These agreements provide readily available spare units to support your operational uptime requirements. This program helps customers manage equipment maintenance proactively to reduce unexpected down time, while the fixed price allows your operation to budget and forecast its maintenance expense.

e-RMA™

You can check the status of your repair order any time of the day or night, using our on-line tracking tool; e-RMA. e-RMA allows you to view up-to-the-minute real time order status information, so you don't have to wait to know where your order is.

GUTS® (Guaranteed Uptime Support)

Around the clock, around the world: Our GUTS rapid response system delivers unsurpassed responsiveness worldwide to any Brooks product problem. Every call to our GUTS line is answered by capable, empowered Brooks employees with the knowledge and resources to diagnose customer problems quickly and accurately. With GUTS, you are guaranteed an action plan within 59 minutes or less.
